Natural Law	Man's law
Based Upon Principles & Truth (Inherent To Creation)	Based Upon Dogmatic Beliefs (Constructs Of Mind)
Harmonized with, due to Knowledge & Understanding	Complied with, due to Fear of Punishment
Universal; exists and applies anywhere in the Universe regardless of location	Differs with location based upon the whim of legislators (Moral Relativism)
Eternal and Immutable; exists and applies for as long as the Universe exists, and cannot be changed	Changes with time based upon the whim of legislators (Moral Relativism)

FORCE	VIOLENCE
The capacity to do work or cause physical change; energy, strength, active power	The immoral initiation of physical power to coerce, compel or restrain
Action which is in Harmony with Morality and Natural Law because it does not violate others' Rights	Coercive action which is in Opposition to Morality and Natural Law because it involves the violation of others' Rights
Action which one ALWAYS possesses the Right to take (includes defense against Violence)	Action which one NEVER possesses the Right to take
